Survey Proposal To Move Station To Garnet Site

President A. T. Mercer of Southern Pacific Pays First Visit to Village Since 1905, Studies Plan to Change Location of Depot

Amazement at the growth of the Village and the entire Palm Springs resort area was expressed Sunday by A. T. Mercer, president of the Southern Pacific Railway company, who originally surveyed this country for its water potential in 1905.

It was the first trip back to Palm Springs since that year for the president of the rail carrier, he told Earl Coffman, host to Mercer.

S. P. CHIEF—A. T. Mercer, president of the Southern Pacific Railway company was amazed at the growth of Palm Springs on his first visit to the Village since 1905 when he surveyed the area for its water potential.

The group of railway officials were met by Coffman and Lyle Newcomer after a motor trip from Indio where Mercer and his party had de-trained from the president's private car. En route to Palm Springs a stop was made at the Shadow Mountain club where they were greeted by Leonard Firestone.

In Palm Springs Coffman escorted the railway officials to Nate Milnor's home, situated on the mountainside behind the Desert Inn where a panoramic view of Palm Springs and surrounding desert was seen.

AS A RESULT of the Mercer's visit to Palm Springs, Coffman said, a survey is to be made on the feasibility of moving the present location of the Palm Springs railway depot to Garnet, where it was originally located. This move would bring the Palm Springs station within three miles of the Village's city limits.

The railway station was moved from Garnet in 1916 to its present location called at that time, Whitewater. Confusion, which arose later on the part of rail passengers wishing to visit Palm Springs finally resulted in changing the name to Palm Springs station.

EARL COFFMAN promised that if the officers of the Southern Pacific and its board of directors act favorably on the suggestion to move the depot back to Garnet, a move to improve the road from Palm Springs to the new location will be undertaken.

While in Palm Springs the group also visited the lower terminus of the San Jacinto Winter Park tramway site. They returned to Indio later the same day and entrained for Los Angeles.

Banks Reports Raid on Auto

Elliot Banks, 503 North Palm Canyon drive, reported to police that thieves had entered his automobile parked near his realty office and escaped with a suit case sometime after midnight, November 29.

Mr. Evans calls Miami his home port while Mr. Sanchez divides his time between Los Angeles, Milwaukee and Florida. But last week both of them were enjoying the sunshine of Palm Springs. Pick Delegates to Present Desert Area's Case Before CAV Hearing December 6

City council at its meeting tomorrow night is expected to decide whether to send a local delegate to Washington, D. C., December 6 when the Civil Aeronautics board opens its hearing on Southwest Airways application for a permit to stop here and at several other southland points.

If council decides to send a delegate, he will also be named at Wednesday's meeting.

DELEGATES from Riverside county will board a special plane for Washington and the hearing here on December 4, according to present plans.

At a meeting at Indio Friday for Coachella Valley's participation in the hearing were mapped. Many communities throughout Riverside County, including Palm Springs, already have sent letters for intervention to the CAB in Washington. The letters were necessary to obtain a hearing.

That the U. S. attorney general's office be denied permission to enter the case as a friend of the court.

JUDGE WEINBERGER did grant Redwine's plea that the number of defendants named in Guiberson's suit which listed supervisors, and Redwine he reduced to just county supervisors.

Also granted over the protests of Zack Cobb, attorney for Guiberson, was a twenty-day period in which to answer the plaintiff's petition. After the answer is filed by Redwine, date for the trial on issues contained in Guiberson's complaint, will be heard.

AGAIN THIS WEEK Guiberson took to the radio airways in Riverside to stir up sentiment in favor of his proposed cement plant. He also declared that work on the plant was proceeding at a rapid rate, although visitors at the site have seen no evidence of permanent installation.

Visitors in the area of the proposed cement plant site also reported that a portion of the sign, there for a long period of time, which read "being constructed under direction of the Federal Government" has been removed.

CONGRESSMAN John Phillips had taken issue to Guiberson's claim of Federal sanction and told newsmen that an investigation of federal records and offices in Washington disclosed no such authority.

Earl Coffman, chairman of a chamber of commerce committee opposed to the erection of the cement plant, this week pointed to a front page story that appeared in the Wall Street Journal which stated that manufacturers of cement on the Pacific Coast were for the first time since the close of the war seeking new markets for their product.

Doctor Scorns Sordid Wealth

First intended victim of "The Spanish Swindle" to be selected this season was a prominent Village doctor. He promptly turned the letter over to Postmaster R. M. (Pop) Gorcham who in turn gave the letter to postal inspectors for investigation.

The letter itself stated that \$449,000 was being held by U. S. Custom officials contained in a secret compartment of a trunk and for certain considerations, in U. S. money, the title to the trunks containing the money would be forwarded to the village medico.

Junior C. of C. Provides Quick, Easy Information

Anything you want to know about Palm Springs? The Junior chamber of commerce has the answer.

Starting last week the organization established an information booth on Palm Canyon drive before the Bank of America. It is manned—or womaned—all day and the surging crowds of visitors are taking full advantage of it.

Dr. Robert Backstrom, president of the Junior chamber, said that the booth is filling a long-felt want here and that tourists and winter visitors are stopping in great numbers to ask questions about Palm Springs, learn directions, locations of wanted spots and taking away Village folders for future reference.

And a lot of Villagers are stopping to get information about their own home town, too.

County Move to Quash Guiberson Suit Fails

Cement Mill Battle Must Be Fought Out

Federal Court Rules Against All Four Redwine Demurrers

Riverside county supervisors, through County Counsel Earl Redwine, are this week preparing to answer Samuel A. Guiberson's complaint in federal district court, in which the latter seeks invalidation of a zoning ordinance that bars him from construction of a \$10,000,000 cement plant eight miles northwest of Palm Springs.

Preparation of the answer to Guiberson's complaint was ordered by Federal Judge Jacob Weinberger after he denied four motions on the part of Redwine Wednesday afternoon.

THE MOTIONS WERE: "Dismissal of Guiberson's petition on the grounds that it failed to state a proper cause of action."

"That Guiberson furnish a more definite complaint."

"That certain portions of his complaint be disregarded."

"That the U. S. attorney general's office be denied permission to enter the case as a friend of the court."

At one of the greatest meetings ever held by citizens and businessmen of Palm Springs, the Fiesta House of the Desert Inn Friday afternoon was the scene of a mass gathering of 125 of the top leaders forming the Citizens Advisory committee for the chamber of commerce's impending "Unite-Promote-Protect" campaign. Spontaneous approval was given the drive.

With Mayor Charles Farrell presiding, the gathering heard Earl J. Smith, expert membership counselor, discuss the status of Palm Springs in relation to future business, how the problem must be met and what the Advisory committee must do about it. Smith was introduced by the chamber president, Charles Mathews.

IN NO UNCERTAIN TERMS—sometimes not too complimentary—Smith evaluated Palm Springs and its present business set-up and stated that the Village must in this instance absolutely forget any political, sectarian, religious or biased differences among its businessmen if the town is to progress as a resort. From the receptive attitude of the overflowing crowd (about 25 persons were forced to stand or sit outside the windows to hear the speakers) the thoughts Smith propounded were forcefully driven home.

"Your Chamber of Commerce card is not just a membership card," he said.

Henceforth it will be hard to convince Roger W. Braniger, that most people are not honest.

R. M. Meinier, Glendale, walked into the police station and handed the desk clerk a pocketbook containing identification and personal papers including \$13 in cash. The contents indicated that the wallet belonged to Braniger, a Village worker. Two hours later the lost wallet was found in the police station and was astonished when on completing a report of his loss, to have the pocketbook handed to him.

OVER-FLOW—The crowd which attended Friday's meeting of the "Unite-Promote-Protect" campaign meeting at the Fiesta House was so great even the immediate past president of the chamber of commerce, Florian Boyd, couldn't get in. Man Captured On Highway 99 After Hold-Up in Banning

A search which spread to Palm Springs and had Village police on the alert last Saturday watching local highways for an ascertained kidnaper and hold-up man, ended late that night with the arrest of H. B. Francisco of Chicago on Highway 99 a few miles north of here.

Francisco is in Riverside county jail today awaiting hearing on kidnapping and robbery charges as result of his activities in Banning Saturday.

LT. FRED PRATT of the Banning sheriff's substation said Francisco's arrest followed a chain of events that involved the suspect, a service station attendant, four hunters and four stolen guns.

Francisco is accused of robbing Ted Shambaugh, gas station attendant at Banning, kidnapping him, and later stealing his car.

TWO-AND-ONE-HALF miles east of Cabazon, Shambaugh spotted his car stuck in sand between the divided highway. The lights were on and the engine was still running. Investigation disclosed the driver had escaped.

The group was attempting to free the auto when another man joined the party and asked what happened. Shambaugh said he recognized him as his kidnaper. The group quickly subdued the stranger.

In the meantime the alarm had been spread and local police were watching the highways for the suspect.

as in the Elks or Rotary clubs—it is a definite investment. You get out of it in business returns, exactly what you put into it in dollars and effort," emphasized Smith.

"NO SUCCESSFUL city or resort center—in our case both—ever got that way by accident," Smith continued. "Everything is planned for any success, and in the case of Palm Springs, as elsewhere, it must be done through a central channel, the chamber of commerce."

"You have a far-seeing city council that has allocated nearly \$25,000 for advertising of the city through your chamber of commerce. But that fund is for advertising only."

"AND ALL THE FUNDS for these activities must come from chamber membership dues—nowhere else. And with the program scheduled for the next year here it is going to be necessary for all to cooperate financially and especially through your individual effort—just remember, the only resort town in the whole country that is going to boom and boost Palm Springs is Palm Springs itself," he concluded.

General Chairman George E. Clarke then announced that as far as he was concerned the drive was going to be a success.

CLARKE ANNOUNCED the schedule of special business group meetings for this week and said "when I call a meeting the train's going to be on time—if a meeting is for three o'clock it will start exactly on schedule and finish exactly on time, too. This project has to be systematic and must click with precision. We're going to make the meetings as short as possible but we ask you be on time so our schedules may be maintained. We have a wonderful nucleus of workers and ask that you cooperate with them 100 per cent."

"I personally am selfish—I've got quite a lot of money tied up in my little beany and I feel the only way I can make it pay off is to bring plenty of people into town so that I can get my share of business. I'm convinced the chamber of commerce is the only medium for doing this job."

WITH A FEW PARTING words from Mayor Farrell the meeting was adjourned with those present filling out attendance cards showing their intention to "Unite - Promote - Protect," and work on a committee in this vital chamber drive. In all, 96 businesses signified their intention of cooperating in the campaign.

40 and 8 to Meet Here Thursday

Coachella Valley Voiture of the 40 and 8 will meet next Thursday evening at 8 o'clock at the American Legion Hall, on Bellardo road, Charles St. George, chef de Garde, announced yesterday.

All visiting members of 40 and 8 in the Village are invited to attend. Plans for the year's social season will be mapped at the session.

The Coachella Valley Voiture extends from Desert Hot Springs to Blythe and was formally organized here last month with St. George elected as head.

A busy winter season is in the making, St. George said, and plans for it will be completed this week.

Mrs. Amy Falk Taken by Death

Last rites were said yesterday morning for Mrs. Amy Falk, 59, who died in her sleep Friday night.

A winter resident of Palm Springs for the past 15 years, she is survived by her sister, Mrs. Paul Low of Carmel, California. Services were held in the chapel at Wilef's mortuary with the Reverend Robert M. Hogarth officiating. Later the body was shipped to San Bernardino where a cremation ceremony is arranged.

Every Voter Will be Told Hospital Need

Determined Drive To Get Out the Vote Dec. 14 is On

By precinct work, literature mailed to each voter, newspaper articles and radio programs Chairman Kenneth Kirk of the Desert Hospital district committee this week began carrying to every voter within the boundaries of the proposed district the message of the December 14 special election.

At the balloting the voters will pass on the proposition to form the hospital district under state laws authorizing the setting up of the tax levying areas to support hospital services. Communities included within the district are Desert Hot Springs, Thousand Palms, Palm Desert, Rancho Mirage, Cathedral City and Palm Springs.

A citizens committee of 170 persons is being directed by Chairman Kirk in the effort to call the election to the attention of every registered voter. The chairman is asking as nearly a 100 per cent vote as possible.

Precinct chairman have been named throughout the district and they will have the responsibility for contacting voters within their areas between now and election day. A question and answer folder is to be mailed to each voter, and newspapers and radio articles and programs will further explain the purposes of the voting.

Meanwhile, speakers are filling appointments at organization sessions.

CROSSTOWN

"But it's such a thin line between very well done and burned!"

Outdoor Services Launch New Village Area Church

Opening service of Shadow Mountain Community church Thursday morning was an outstanding success with a large throng present in the attractive outdoor auditorium constructed under the supervision of Stephen Rutgers and his fellow workers.

Two hundred new chairs, arranged in crescent form at different elevations surrounded a platform and pulpit. A pavilion where organ and chairs may be

stored week-days was also erected. The platform is enclosed in a redwood background to aid the acoustics.

AT THANKSGIVING day's first service, the pulpit was banked with congratulatory flowers.

G. A. Chapman, chairman of the church building committee introduced Dr. John Robertson Macartney, pastor emeritus of Community church here, who has consented to take charge of the organization of the new church.

Owen B. Coffman, post, American Legion, presented the congregation with an American flag and remarks on plans and hopes of the church were made by Clifford Henderson, G. A. Chapman, and Stephen Rutgers. Other members of the building committee present were Jordan Crouch and Floyd Mitchell, John Croft of Rancho Mirage, the other member was unable to be present.

AT CONCLUSION of the service the first shovelful of dirt for the new church building was turned by Mr. Chapman. Mrs. John Robertson Macartney presided at the organ during the services and ceremonies.

Twenty persons became charter members of the new church at the services and the list will be held open for another week as more have indicated their intention of joining.

A Sunday school is being organized and Ole Olsen, well known stage comedian, offered to buy robes for the children's choir.

Following the services the Macartneys joined in the Palm Desert Thanksgiving Day shoot and to make the day perfect, Dr. Macartney, proved his physical aim is as good as his spiritual goal by bringing down a holiday turkey.

Mrs. Conkwright Ill in Hospital

Mrs. Arthur (Conky) Conkwright is a patient at the Palm Springs Community hospital suffering from virus pneumonia.

She entered the hospital Wednesday night and, according to her husband, "she was feeling much better today."

Youngsters Start Campaign to Sell Tickets to Rodeo

If a young member of the Palm Springs Boys' Club stops you on Palm Canyon drive and shoves a handful of tickets at you to buy, don't step aside, you'll be solicited again and again.

What they are doing is selling tickets to the first revival of the Palm Springs Rodeo to be staged February 5 and 6 and if any one of the lads is successful in selling 20 tickets he will have a fond boyish dream realized—a prize of a complete baseball outfit.

The suits will be given away by Lyle Greenman, wealthy Los Angeles automobile dealer and sponsor of the rodeo, with the boys' club participating in the net receipts of the event.

Frank Bogert, general manager of the rodeo, announced yesterday that the tickets were on hand and within the next few days the boys will be organized into selling teams.

"Buy a ticket Mister, so I can get a baseball suit," will be the appeal that'll be heard on Village streets for the next few weeks.

This Side...

don't like flies, either... They're pests.

DID YOU EVER pick up a book of matches, light one and then, while interestedly engaged in conversation, have the entire pack go up in your hand? ... Painful, isn't it? ... If you've had that experience you'll be glad to know that they are beginning to put out book matches with the scratching surface on the back. ... Only a really clumsy lout will be able to burn his hand now. ... Some inventive genius who probably was annoyed because photograph records slipped on the turntable and produced discords and aggravating wavering sounds, has designed a little device to prevent this. ... Have tried them and they make new records out of old. ... Local music stores are going to have them soon. ... Also have been looking all around the southland for a little gadget that I heard about that centers holes in records and reinforces them. ... That takes care of the damage record changers do here when the heat softens the disks. ... None to find some soon. ... It will be so much easier on the disposition.

SPEAKING of inventions, I'm considering one of my own. ... It's a sign to be fastened on the right rear fender. ... Then when some considerate truck driver pulls 'way over and lets me pass him on a narrow road or hill, I'll just press a button and the sign will flash: "THANK YOU!" ... I'm going to have it a two-way sign. ... When some boorish road hog refuses to yield, I'll press a button when I do get by and another sign will flash up. ... When I think of a word which will cover both genders, for that second sign, I'll complete the invention. ... All I can think of now would wear out the battery before I got to Banning.

WALL SPALDING is praying they don't raise the price of hay. ... Because it's costing so much more to operate an automobile these days, he's riding his horse to work each day. ... And Bob Bennett decided to save on gas, too. ... He rode his horse up to the Doll House the other night and hitched it to a rack while he went inside for dinner. ... Feeling sorry for the horse, he borrowed a carrot from George Strebe and went out to feed the animal. ... It wasn't there. ... Being rather late, Bennett wore out his thumb, getting home.

WELL, all they got to do now is start making records again.

TO SPEAK HERE—Mrs. Lotte Fuld who will give members of Palm Springs Jewish Women's group a first hand story of the struggles of the state of Israel in a talk here tomorrow.

Story of Israel To be Told Here

Members and friends of the Jewish Women's group of Palm Springs will meet tomorrow at 1 p. m. at the home of Mr. and Mrs. Stanley Rosin, 358 Val Monte del Norte, to hear a first hand story of the struggles of Israel from Mrs. Lotte Fuld, one of the many Palestinians who has given life blood for the creation and freedom of the state.

Her daughter, Bracha, was killed while aiding the landing of fellow Jews from Europe. She lost her husband in the Berlin pogrom of November, 1938. She later escaped to Palestine.

She has recently arrived from Palestine and will have as her subject tomorrow, "Material for Palestine."

Mrs. Reuben Kulla, president of the group will preside.

... I got one half of my wish the other night. ... Connie Barbeau is singing again at The Dunes. ... And good. ... Charrell got a hair-cut. ... And looking across the expanse of the Blue Room at the Chi Chi the other night I thought they had a new pianist. ... Until he started to play. ... No one can play like he does.

THIS YEAR Thanksgiving and Christmas come on the same date. ... But not the same day. ... Christmas is on a Saturday. ... So is New Year's Day. ... New Year's Eve is on a Friday. ... (Q.E.D.) That gives the boys and girls, who like to start out a new year feeling hung over, 48 hours to pull themselves together. ... Isn't nature wonderful?

City Loses One License Protest But Wins Second

Announcement was made by the state board of equalization, fourth district, of action taken as result of two liquor license hearings held here in October. One application was denied and in the other, the protest of the city was overruled.

In the case of Esther Gilbert's application for a license at the Wagon Wheel, 175 East Amado, the protest of the city was denied and the transfer of an on sale liquor license to the cafe was permitted.

The city's protest against issuance of an on-sale beer license to William A. Johnson at 596 South Indian avenue, was upheld and the license was denied.

The hearings here on October 15 before George Bellows, SBE referee, were attended by city officials and interested parties. Testimony was taken from Police Chief A. G. Kettmann, city officials and the applicants.

Bellows' recommendations were approved by the board.

Billions Spent On New Highways

The construction industry has built or rebuilt more than 100,000 miles of state highways since the end of the war, according to a Construction Industry Information Committee report.

"Expenditures for highway construction since the war ended have totaled about \$2,500,000,000," the report said.

Real Estate Men Plan New Group At Hot Springs

Real estate brokers of Desert Hot Springs and Garnet Gardens met in joint session in the L. W. Coffee office last week to discuss the matter of more unity between brokers and to advance the beauty and promotion of Desert Hot Springs. It was decided to form a local association or real estate brokers to operate for a time before joining any state or national realty groups. They will have a code of ethics and seek to work in closer harmony.

Their first objective is a concerted effort to rid the village of all unsightly signs, ask the cooperation of property owners to do the same and join in a curb of the flagrant use of "For Sale" and "For Rent" signs. This, they believe, will do much to beautify the village and community and make a better impression on visitors.

The next meeting will be held tomorrow night when election of officers will take place.

Work Under Way on New School for Palm Desert

Construction is under way today on a new \$200,000 school building at Palm Desert following ground-breaking ceremonies last week. The school is in the Indio elementary district.

Frank Pinkerton, Corona, was successful bidder for the school district's expansion in the western end of its area and work will proceed to complete the building in time for use next September.

The contract for the project was let a week ago. Pinkerton's bid was \$176,000.

"THE DISTRICT has been granted an additional \$44,000 allocation of funds by the state to supplement the original grant of \$167,000," Rex Johnson, superintendent, said Wednesday.

The building will comprise some 13,800 square feet and will consist of administration offices and classrooms.

Bids were opened two weeks ago and the board learned that it would require an additional \$44,000 to complete the project, over and above the estimate made last January. At that time the Indio district was one of the first to get state approval of its building plans and was given the \$167,000 grant.

"THE DIVISION of finance and division of architecture of the state department of education Monday notified us that our request of \$44,000 additional funds had been approved," Johnson said.

"This will make the cost of the school \$211,000 without the furnishings," he pointed out.

The state grants do not include funds for equipment, furniture or other items but merely provides money for building the walls. The grants are made under the emergency program for impoverished school districts.

THE NEW SCHOOL building will be located at the intersection of Portola and Shadow Mountain drive on seven acres deeded the district by the Palm Desert corporation a year ago as part of the 1500 acre development of the community.

This is the third quarter-million dollar development in the Palm Desert community this year. The Desert Magazine building and the Shadow Mountain club are the other two.

Take New Move For Recreation

Formation of a five-man recreation commission was authorized last week by board of supervisors marking another step in the campaign for a county-wide recreation program.

A program was presented to the board by a delegation from several county cities but met with objections by supervisors.

Appointment of the five-man commission to meet with county recreation-minded citizens, to iron out differences, was then authorized.

Interesting and true: The stories folks tell about Desert Sun want ads resultfulness, are not only interesting but true. Be the hero of one.

Building Record Climbs Toward \$400,000 Mark

Building in Palm Springs was getting back into the half-million-per-month stride as November drew to a close and P. M. Swart was confident that when the books were closed today, the total would be well over the \$400,000 mark.

Several large permits were issued last week, the biggest for a 30-unit apartment hotel at Riverside drive and San Lorenzo in the Tahquitz River estates. The permit was issued to David Singer at a cost of \$112,000. The new unit is on the north side of the river.

Larger permits issued in the past few days were:

Lynn E. Briggs, 1676 San Lorenzo, pool, \$5000; California Electric Power, Cahulla road, transfer vault, \$4000; Chi Chi, 217 N. Palm Canyon, alterations, \$1000; Cooper & Allen, 436 Ave Olancha, dwelling, \$12,000; Sarah Fishman, 336 Paseo El Mirador, addition, \$3000; Harry Harris, Via Olivera, addition, \$3500; Earl Hough, 172 Ocatillo, addition, \$6000; S. E. Korngut, 350 Mel, pool, \$6000; David Singer, Riverside and San Lorenzo, apartment hotel, \$112,000.

Housing Problem Termed Local One

America's housing problem is a local one and should be attacked at the local level, with any Federal assistance supplied on a local basis according to each community's needs.

Aksel Nielsen, president of the Mortgage Bankers association of America, made this declaration to a meeting here of southern California chapter of MBA last week.

Government Promises to Speed Up Lateral Work

Chairman Keith Farrar of the Coachella Water district board of directors returned last week from Oklahoma City where he attended a three-day National Reclamation association meeting, with the word that speed had been promised by government officials on lateral distribution units 6, 7, 8 and 9. He said they would be under contract by June, 1949.

Farrar, County Counsel Earl Redwine and J. H. Snyder, engineer-manager for the district, made the midwestern trip to attend the session.

"Reclamation Commissioner Michael Strauss and Assistant Secretary of the Interior, William Warne, were favorable to getting the entire project underway," Farrar told directors on his return.

The reclamation association is made up of members from the 17 Western states. The association adopted strong resolutions among which was one calling for the preservation of the "integrity of the water laws of the western states; that the basic provisions of Section 8 of the

Reclamation Act of 1902 should be reaffirmed.

Farrar was optimistic in his report and views of District conditions: "I feel like our program and the Water District's conditions are better than they have been for a long time. We are moving along and our goal is in sight."

Unit 1, high pressure line. Units 2, 3 and 4, and Unit 5 are now contracted and work proceeding ahead of schedule. Bids will be called on Unit 6 in December and will be opened early in January.

DESERT HOT SPRINGS

EVELYN C. KNUDSEN, Phone DHS 622

Jean Shannon, publisher, and Jerry Storm, editor of the DHS "Sentinel" are two of the nicest people on the desert. They are delighted with The Desert Sun's generous offer of giving the people of DHS space in the newspaper. They feel, as does everyone, that it will do much for promoting good will between Palm Springs and DHS, besides helping the growth of both communities. They have offered to cooperate in any way they can, and began by giving this column a splendid write-up in the last issue of "The Sentinel."

Mr. and Mrs. Jim Cummings,

genial host and hostess a Tropical Palm, had turkey at home. They report a full house over Thanksgiving.

Mr. and Mrs. Frank Percival, proprietors of the Exclusive Tailoring Shop in the Plymire theatre building, had as their guests for Thanksgiving dinner the charming Mrs. John Re and daughter, Jeanette, of New York City, who are wintering in DHS.

Mrs. Mabel Walker shared her turkey Thursday evening with the following guests: Harold Huntley of Inglewood, Mrs. Gladys Shaffer, Mrs. Walker's

sister of Manhattan Beach, and Evelyn Knudsen.

Mr. and Mrs. Edgar Corey of Los Angeles and Twin Peaks spent the holiday at their home in DHS and plan to stay for the season.

Captain and Mrs. B. O. Wells and two children sent word from Los Alamos, New Mexico, they are coming Dec. 19 for the holidays and to help find accommodations for them since their DHS home is now occupied by tenants. Captain Wells is in charge of the atom bomb project in Los Alamos.

Wednesday evening, Thanksgiving services were held in the new Community Methodist church on Pierson boulevard. Dr. David C. Williams of Banning inspired his listeners with many causes for thankfulness, the main one being that of living in this great nation of ours. The congregation sang the host songs with a deep feeling of gratitude. "America, The Beautiful" and "My Country 'Tis of Thee." Evelyn Knudsen sang "Bless This House" accompanied by Hermina Price.

Visitors and residents of Tract 3 are completing about the bad state of the street paving in that tract and feel something ought to be done about it. The property owners in Tract 1 solved the same situation in Tract 1 last year and it is one of the finest improvements DHS can boast of. It has accomplished more for the community than any other thing in the past year outside of completion of the new bath house.

Mr. and Mrs. Carroll Donnelly had turkey dinner at the Desert Shack and enjoyed Bill Livzey's fine cooking with numerous other DHS residents and visitors. Other local restaurants did a huge business too.

Mr. and Mrs. Al Horton had as their guests for dinner, Mr. Horton's parents of Pico, Mr. and Mrs. Ben Horton.

Mrs. E. C. L. Potts and son, Billy, entertained at home for turkey dinner. Guests were Mrs. Potts' mother of Long Beach, Mrs. Eva Lowell Franklin and Miss Dana Howard residing in DHS.

Mr. and Mrs. Arch Hoffman of Los Angeles spent several days at their DHS home lately. Mr. Hoffman, Los Angeles real estate broker, attended the local meeting of real estate agents while in town. He thinks they may make DHS their permanent residence and that he may become one of the local agents.

Mr. and Mrs. G. R. Corbitt of Los Angeles entertained for Thanksgiving in their DHS apartment. Guests were Dr. J. R. Biddle of Indio and Dr. Isabella Biddle, who are husband and wife and their daughters and Biddle grandchildren. Mrs. Eloise Kane and Marsha, Mrs. Marjorie Hyde and Alex and Widge. Other guests were Miss Freddie Gregory and Miss Ann Wiegler.

Mrs. C. P. Waldemar of Petaluma, Calif., is a guest of Mr. and Mrs. A. A. Blair at their home on Palm drive. Mrs. Waldemar came to DHS for the baths and to drink the curative hot mineral water and feels much improved and will stay on for most of the season.

During the 45 months of war, about 75,400,000 meals, or about 226,200,000 individual meals were served at the Naval Training Center, Great Lakes, Ill.

PALM VALLEY

With DON CAMERON

The show is now ready for the road since the Shanks are back. The Palm Valley \$64 question for weeks has been, when are Claire and Jeff coming back? They drove through from Grand Rapids in a hurry arriving here Tuesday in time to hoist the flag on the famous Shank flagpole and disrupt the usually well ordered life out this way. It was Claire who started the "stop by" system of getting nothing done. It goes something like this. About 7:00 a. m., she has coffee with Neva Munchoff, then the two go over and get Cynthia Snowden to go down with them to Irma. (Mrs. Glen Buick) Gurelys in Palm Valley for more coffee. After that they make another stop at Ruth (Mrs. Doc Chevrolet) Gurelys. If not completely talked out by then, the delegation moves in on Helen (Mrs. William) Reichel. In addition, after that they tie up the Rancho Mirage and Palm Valley phone system.

"Off to Detroit to bring back little woman went Harry Holt this week. Harry is vice president of the Rancho Mirage Corporation and president of the newly formed R. H. B. Construction Company. With Jim Ramsey he dropped in to tell of the new company's progress. Two new jobs started this week include the rental units on Indian Avenue for Dr. and Mrs. James Potter and the new juice bar for the Harlan Boslers. This welcome addition to Rancho Mirage is located diagonally across the highway from the Cameron office and will be in operation in a few days. Curt Ring's popular grocery has been a "natural" since its opening November 1. Among the shoppers recently I spotted the following folks from Cathedral City, Lolita Waller, Mr. and Mrs. L. C. Lewis, the very attractive Mary Lane getting Curt to carry her purchases out to her car. Father Leisler looking over the interesting Indian goods. Open house takes place today from 2 p. m. till 9:00 at Barry Frost's new studio located in Rancho Mirage on West Veldt across from the Riva Grocery. Palm Valley now boasts an architect. Last Friday, Barry and Donna threw an open house for the local folks including the Jay Morrisons, Jim Ramseys, Phillip Lesters, Dell Smiths, Wall Spaldings, Lyle Harpers, Jack Swetlands, Wen-

dell Hellmans, Jack Petras, Mr. Harry Holt, Ted Hutchinson and Cynthia Snowden.

Located on Desert drive, just south of Frank Morgans, the Keith Browns of Salem, Oregon are building a pre-cut house. Most of the building materials were cut and assembled up in Oregon and hauled down here. The Browns have moved in this week, three weeks after ground was broken. At Don Maher's Rancho by the Gulcho a party for four people whose birthday occurred within a day or two of each other. The four were Paul Kersten, James Malone of nearby Smoky Moon Ranch, Lorene Sherwood of Desert Air Hotel and the hostess herself, Hilda Maher aided by her sister Dolores Niehoff, Frank Bogert's popular secretary at Thunderbird. The four had a lot of fun getting a year older.

Stopped by, James J. Kehoe of San Mateo. He's state commander of Amvets. With him to pick some of our dates, J. W. O'Sullivan, Los Angeles council commander of the same organization, Kenneth Kirk to give me a briefing on the Desert Hospital district.

A new and exciting way to fill your needs awaits you with your first use of Desert Sun want ads.

STRANGE PHENOMENON

Editor, The Sun:
It is a strange phenomenon which will surely come as a surprise to those who oppose World Government that they should find themselves in the unenviable position of complete agreement with the Kremlin. Vishinsky recently said "nobody will blind and confuse us with all kinds of grandiloquent statements and beautiful words about the necessity of waiving part of our national sovereignty in the name of the higher welfare of mankind."

A growing number of UN delegates in Paris last month voted their conviction that the principle of absolute national sovereignty was also the basic ingredient of international anarchy. Belgian Premier Spaak said, "We fear you when you preach this antiquated... doctrine of absolute national sovereignty." General McNaughton voiced Canada's position in a resolution before the Political Committee: "The General Assembly is fully aware of the impact of the United Nations Atomic Energy Commission's plan on traditional prerogatives of national sovereignty; however, it sees no alternative to the voluntary sharing by nations of their sovereignty in this field." Hector McNeill told this same committee that the British people would gladly exchange a bit of sovereignty in return for freedom from fear of atomic war. Further it was his opinion that all peoples would feel the same if they knew all the facts about atomic energy. Our Warren Austin charged the Soviets with "placing their Sovereignty above the security of all."

Well, no one is accusing the Soviets of exerting themselves for the higher welfare of humanity. However, each of us has the duty to come to a decision

on this subject. Are we for a governed world or for a continuation of the present confused and dangerous international situation? Are we for or against a United Nations really UNITED? Are we for or against a UN with power to enforce its decisions? What are we for, or don't we care? For fuller information listen on our local radio this coming Sunday night at 8:45.

Stables Has Jimmie Jumping

The "jumpy" man in Palm Springs these days is "Governor" Jimmie Davis, new "foreman" of the noted Palm Springs Stables, who is commuting virtually daily to Hollywood from the Springs, to star in his new Monogram film production, "American Rhythm." In addition, Davis, who is fast becoming a favorite citizen here, is filling endless recording dates with his famous Sunshine band, and making personal and radio guest spot appearances in the Hollywood territory.

With two week-ends now behind him in his newest non-political venture, "Governor" Davis' Stables seems to be an assured success during this 48-49 season, packing the noted night spot and restaurant each weekend with Springs residents and visitors, the latter liberally sprinkled with top celebrities from the film colony.

Noticeable in the past week-end crowds who flocked to The Stables were Eddie Cantor, the Donald O'Connors, Jackie Coogan, Betty Hutton, Rosalind Russell, Tony Martin and Cyd Charisse, the William Powells, Benay Venuta, Vince Barnett, George Sherman, Edward Small, the Andrews Sisters, Harold "Gildersleeve" Peary, and many others, all of whom took part in the old-fashioned square dancing which took place upstairs following the dining hour.

Davis and his boys this week plan to spend three days on "location" at the Monogram ranch in San Fernando Valley, returning here Wednesday evening to carry on for the remainder of the week as hosts at The Stables. Three more days of filming are on Davis' personal schedule, during which time he will commute daily to Hollywood while the bandsmen, whose filming work will be completed, will remain to provide the hoe-down and cowboy music which has made a name for them throughout the country.

Judge A. D. Mitchell of the San Bernardino county bench, Mrs. Mitchell and Jerome Bigdorff, Los Angeles capitalist, were guests over the weekend of Mr. and Mrs. R. F. Graettinger.

A squirrel stores away three walnuts in the fall, goes back to his cupboard in the winter—and finds three walnuts! But each dollar you put away in U. S. Savings Bonds grows, and in ten years you'll find four dollars for every three invested. Squirrels never had it so good. Save the profitable, regular way with U. S. Savings Bonds through the Payroll Savings Plan.

Dr. and Mrs. Glenn Tabor of Kansas City put their plane down to be refilled at the Palm Springs airport for their flight to Phoenix, Arizona.

As they were strolling down Palm Canyon drive they met an old friend from Kansas City, Tex Dunsworth.

After lunching at the Desert Inn and a drive around the Village, they decided to spend a week of relaxation and are now at Chuckwalla Manor.

Newlyweds At Rossmore

Newlyweds, Mr. and Mrs. John Frederick Hodgson II, of Burlingame, were recent guests at marriage at The Church of the Wayfarer in Carmel on Nov. 14.

The bride, formerly Norma Lyle Anzini, was given in marriage by her uncle, Norman E. Curtis of San Francisco, and a reception was held at Pine Inn in Carmel.

The Civil War battle between the Monitor and the Merrimac was fought in Hampton Roads, just off the present Norfolk Naval Supply Center.

The flashing smile, smart good looks and pleasing personality that have been greeting people at the door of the Doll House this season all belong to one attractive girl, Minka D'Boyle, who hails from Richmond, Va., and Mont-

gomery, Ala. An enterprising and talented person, Minka designs and sews all her own clothes . . . the total result closely resembling a page from Vogue. Artistic in other fields, also, Minka dabbles in art and has studied ballet.

Woman's Club Displays Art Of Villagers

Another demonstration of the active interest in art in the village is the exhibit of paintings arranged by the Palm Springs Woman's club at their club house on Canuilla road.

Georgia B. Caldwell, whose paintings are known throughout the country, has agreed to act as chairman of the Art committee for the club and has arranged for different showings by local artists for each club meeting during the year.

The first exhibit consisted of six pictures by Georgia B. Caldwell herself. They were displayed at the last meeting of the club on November 15 and will remain there during the rest of the month.

One of the outstanding pictures in this group is a Chinese number, purely decorative, on water color paper. Two are on imported English cloth—one of magnolias and one of zinnias. The others are oils on canvas. Miss Caldwell has 18 pictures that have been reproduced and sold all over the United States. Eight of these being companion pictures in modern classic design, suitable for one large grouping. 250,000 of her reprints were sold the first year they were reproduced.

During December Jean Coutts, another popular local artist, will present her paintings at the Woman's club. They will be open to the public every afternoon and will be there for members of the club to enjoy both meetings in December.

Last week were Dr. and Mrs. S. Cross, teacher of dentistry at the University of California; Barry Stept student at UCLA from Beverly Hills; Mr. and Mrs. Edward Groves, insurance executive from Los Angeles; Mr. and Mrs. D. D. Baldwin, lumberman of Seattle, Washington; Mr. and Mrs. G. W. Franson manager of the Bank of California of Beverly Hills with Mr. and Mrs. Charles Farley of Beverly Hills; Mr. and Mrs. Harry Scheeter and family, linen manufacturer of Los Angeles; Mr. and Mrs. David Linderman and Mr. and Mrs. Larry Linderman of North Hollywood; and Mr. and Mrs. C. Bennett of Olive Branch, Miss.

Mr. and Mrs. James Whitehorn were joined by her daughter, Ann Duncan of Los Angeles at the Whitehorn ranch in Joshua Tree for a big Thanksgiving.

BW Club Will Rally at Dinner Event Monday

Members of Palm Springs Business Women's club and invited guests will rally at their annual dinner next Monday evening at Del Tahquitz hotel.

Reports of recent accomplishments of the club and its ambitious plans for the current season will be heard.

The club has already succeeded in many civic projects and has many more in the making for the new year.

Mrs. Mildred Veanno is president.

DAR Meets December 2

The next meeting of the Daughters of American Revolution will be held on Thursday, Dec. 2, at 2:00 p. m. at the home of Mrs. Reynard Joseph, 1401 El Alameda St. The program of Christmas Carols will be given by a group of girls from the senior high school under the direction of Mrs. Elmer Markham. All visiting Daughters are most cordially invited to attend.

Many Enjoy Thanksgiving At La Quinta

The Thanksgiving social splash at Hotel La Quinta brought many Angelinos to the popular desert resort to enjoy the holiday festivities which featured the Desert Aquacade and Fashion Show Luncheon at the pool terrace, together with outdoor steak suppers, musical cocktail hours, sunning and swimming at the pool, and tennis and riding.

Down for the week-end sojourn were Hollywood director George Sherman with Mrs. Sherman and daughters Susanne, Judy and Luana. Mr. and Mrs. James Nixon of South Ogden Drive joined Mrs. Nixon parents Mr. and Mrs. R. C. Hilliard of Minneapolis who have been staying at Hotel La Quinta the past two weeks. Mr. and Mrs. A. S. Becker and Mr. and Mrs. Mark Carter of Los Angeles were recent guests, as were also Mr. and Mrs. Burton Nobil of Akron, Ohio.

Miriam Hopkins stopped in for cocktails to check up on her favorite desert retreat after several years absence in the east, and actress Marguerite Chapman motored down again from Hollywood for her weekly sun siesta at the pool.

Chi Chi Show Attracts Noted Holiday Throng

Village society turned out in force over the week-end to dine in the Blue Room and enjoy the music, song, and comedy of performers in the Chi Chi.

The combination of Shadrack's Trio and the Merry Mutes was the magnet in the lounge, Charrell in the Blue Room.

Drawing considerable attention in the Blue Room were Mr. and Mrs. Jackie Coogan and Mr. and Mrs. Gerald M. Coogan. When the former "Kid" of the movies espied Mayor Charley Farrell sitting in a corner with Milt Hicks, the two greeted each other like long lost friends.

Bill Holden, motion picture actor, later joined the group at Farrell's table. With Holden were Brenda Marshall, Mr. and Mrs. Lore Smith, Mr. and Mrs. Tommy Seward, (the editor of the Hollywood Reporter) and Donald O'Connor.

Buddy Clark, well known recording artist, came in from the lounge convulsed with laughter. Explaining that the Merry Mutes had just impersonated him in song, "and they were nothing but good," he exclaimed.

Villagers, too numerous to mention crowded every available seat in the Chi Chi for every performance in the lounge.

Mr. and Mrs. Lee Bering celebrated Thanksgiving at home with daughter and son-in-law, Lori Lee and Tommy Lyon and friends from out of town. Mr. and Mrs. Howard Means.

Mr. and Mrs. Bradstreet Miller were joined by Barbara and Betsy, home for the holiday's from UCLA and Mrs. Miller's mother, Mrs. Mabel Jacobs.

Crowned in solid steel, this smart and handy Estate Wagon sets a new style pattern on either ROADMASTER chassis with 150 hp engine or SUPER chassis with 115 hp (increased to 120 hp by Dynaflo).

Full-curved windshields feature all these models, including this tidy six-passenger Sedan. ROADMASTER or SUPER chassis.

This Roomy 4-Door Sedan seats six, has 22% more glass area. On ROADMASTER or SUPER chassis. White sidewall tires, as illustrated, available at extra cost.

Looks fine for 49

Top, front seat and all windows are push-button controlled in this sleek Convertible. ROADMASTER (150 hp) or SUPER (115 hp) chassis (with Dynaflo—120 hp).

Extra room—extra view—and Dynaflo too in these bountiful new 1949 Buicks

This you're going to like! For its looks — its room — the wonderful view it gives.

Above all, for the happy news that now you can have Dynaflo Drive on the Buick SUPER as well as the Buick ROADMASTER.

In each of these series you have your choice of the four models shown — models sleek and flowing from gleaming grille to faired-in taillights and contoured rear bumpers.

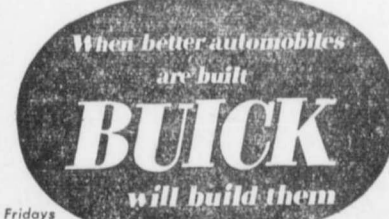

On all of them you have stepped-up visibility from curved windshields and more glass area — area increased by 22% in four-door Sedans.

In all you find ample room made even greater by new

cradle-soft seat cushions—and access made easier by wide-swinging doors that are feather-light in action.

There is a rich new instrument panel with glare-shielded instruments. Hood latches are within the car, fabrics are fine and neatly tailored.

And under every bonnet, not only of these new SUPERS and ROADMASTERS but on two trim SPECIAL models too — lively Fireball power cradled on Hi-Poised engine mountings.

On all ROADMASTERS, with their brilliant 150-hp engines, Dynaflo Drive is standard equipment. On all SUPERS, it is yours on option at extra cost. And with Dynaflo every engine has a plus—new self-setting valve lifters which stay lastingly quiet and factory perfect.

And in all models, there is room, a view, the steadiness and heft of a truly big car — and prices that shine more brightly on every comparison.

Make those comparisons yourself. See what your dollar buys in Buick — and you'll get your order in *right now!*

BUICK alone has all these features

Silk-smooth DYNAFLO DRIVE* • FULL-VIEW VISION from enlarged glass area
SWING-EASY DOORS and easy access • "LIVING SPACE" INTERIORS with Deep-Cradle cushions
Buoyant-riding QUADRUFLUX COIL SPRINGING • DUREX BEARINGS, main and connecting rods
Cruiser-Line VENTIPORTS (Super and Roadmaster) • Low-pressure tires on SAFETY-RIDE RIMS
Lively FIREBALL STRAIGHT-EIGHT POWER on HI-POISED ENGINE MOUNTINGS
Ten smart models featuring BODY BY FISHER
*Standard on ROADMASTER, optional at extra cost on SUPER models.

Blodgett Bound Over for Trial

Arthur Blodgett, said to be an ex-convict, was held to answer in Riverside superior court on a charge of burglary following preliminary hearing in Judge Eugene E. Theriault's court Friday.

According to police records, Blodgett, with W. H. Hastings, entered the offices of the Mabrey Construction company more than

a year ago and escaped with a check-maker and a number of the company's checks which they assertedly forged and passed in Pasadena and Los Angeles. Arrested in that city the two served a year's county jail sentence.

Hastings, who police say, turned state's evidence and has never been in trouble before, pleaded guilty to petty theft and was fined \$100.

Community Sessions,
Abandoned in War,
To be Revived Here

First post-war community meeting of the Riverside county chamber of commerce, will take place in the dining room of the desert Inn at 12 noon December 14, according to Earl Coffman, co-owner of the hotel.

Representatives of chamber of commerce organizations throughout the county are expected to be present, according to Bob Fullenwider, executive secretary of the county chamber of commerce.

THE MEETING will be presided over by Charles Johnson, president of the organization.

In view of the large number of county residents expected to be present, only 100 reservations will be accepted. It was announced. Attendance is not confined to members of the Palm Springs chamber of commerce and reservations for the occasion may be had by applying at the local chamber of commerce, it was declared.

REASON BEHIND the revival of the monthly community meetings, abandoned during World War II, is to bring civic workers and others together to discuss community problems that arise on county wide basis and for better understanding between cities and towns in the county.

Later meetings will be held in other communities once each month. As the second largest city in the county in point of assessed valuation and winter population, Palm Springs was chosen as the site for the first meeting.

Museum Notes

Tonight's natural history films to be shown at the Desert Museum will be: "Dwellers of the High Mountain Countries," "Crayfish and Stickleback," "Beavers at Home," and "Kruger National Park, Africa." Open to the public without charge at 8 p. m.

Thursday night at eight o'clock the Music Appreciation Group will meet again; this time the "Life and Works of Wolfgang Amadeus Mozart" will be discussed, and various recordings of his music played. This program is open to all persons who are interested in music; there is no charge.

THE NEXT SESSION of the Biology Series this coming Friday, Dec. 3 at 8 p. m., will deal with Moths, Butterflies, and Grasshoppers. Four films will accompany the lecture, "Cecropia Moth," "Grasshopper," "Butterflies," and "Moths." Open to the public without charge.

Next Saturday, Dec. 4, the field-trip will be an auto-cavaran to Thousand Palms Oasis and Willis Palms. There will be a short ¼ mile walk for those desiring to see the ancient oyster bed deposit; otherwise no walking is involved. Anyone interested be at the Museum at 10 a. m. and bring lunch. Return at four.

SATURDAY NIGHT at 8 p. m. Barry Goldwater of Phoenix, Arizona, will present his new color film on "Arizona's National Monuments" at the Museum; Mr. Goldwater's movies include shots of every Monument in that state. This program is open to the public without charge.

On Monday, December 6, the Desert Stamp group will meet again. George Miller, who is in charge of the Stamp group, will speak on "The Stamps of Switzerland," and will display his complete collection of that country. Although this program is of special interest to stamp collectors it is open to anyone else interested in attending. (At the Museum at 8 p. m.)

**Indians Ramble
Over Blythe for
25 to 20 Victory**

Palm Springs' Indians ended the football season in a blaze of glory Thanksgiving Day afternoon when they came from behind to defeat Blythe 25-20 behind the brilliant playing of quarterback, Johnny Black.

It was the second game he had sparkplugged his team to victory in two successive engagements.

Two intercepted passes by Palm Springs and a heavy penalty helped hold the visitors down during the last minutes of play.

The Indians wound up the season with three wins, two ties, and three losses for an even split. Coach Ballagh had nothing but praise for the team members. His backfield, composed of Dale Summers, Lopez Weiss, Charlie Black, Chuck Blackhart and Johnny Black made a good working combination, especially in the last two games.

Mrs. Ruby Lamb also was discharged after recovering from a serious automobile accident.

The Brownies, Palm Springs' junior Girl Scouts, gladdened many a face of our patients on Thanksgiving Day. The girls made little pilgrim men for tray favors. This is just one of the many services our volunteer groups accomplish for the hospital during the year.

W. K. Kellogg Hurt
As Officials Plan
To Sell Gift Ranch

W. K. Kellogg, 88-year-old retired cereal king, and long-time Village home owner, was incensed over proposed action of the department of agriculture to sell the 88-acre Arabian horse ranch near Pomona which he originally donated to the University of California.

The \$3,500,000 ranch was transferred by the university to the war department in 1942. When hostilities ceased, the army transferred the ranch to the department of agriculture which now claims it cannot afford to keep it.

"I have had no official notice from Washington of the government's decision to dispose of the ranch, except what I read in the newspapers," said Kellogg. "I feel much abused. I am greatly hurt for a thing like that to happen after I had built it up with expenditures of several millions dollars and the establishment of a \$600,000 fund when I turned the ranch over to the university. It was an outright gift and the \$600,000 I gave them was to pay expenses on condition that the university would maintain the ranch in perpetuity."

Mayor James B. Pettit of Pomona is now in Washington to see President Truman in an effort to halt the department of agriculture's planned sale of the ranch. Governor Earl Warren and Congressman Richard Nixon of Whittier are being asked to intercede.
